## Technical data: GLM 250 VF Professional

| Laser diode  | 635 nm, < 1 mW       |
|--|----------------------|
| Measurement range                                  | 0,05 – 250 m         |
| Laser class  | 2                    |
| Measurement accuracy, typical                      | ±1 mm                |
| Measurement time, typ.                             | < 0.5 s              |
| Measurement time, max.                             | 4 s                  |
| Power supply                                       | 4 x 1.5 V LR03 (AAA) |
| Automatic deactivation                             | 5 min.               |
| Weight, approx.                                    | 0,24 kg              |
| Length   | 120 mm               |
| Width  | 66 mm                |
| Height   | 37 mm                |
| Units of measurement                               | m/cm/mm              |
| Memory capacity (values)                           | 30                   |
| Battery lifetime, individual measurements, approx. | 30.000               |
| Battery lifetime, operating time, approx.          | 5 h                  |
| Dust and splash protection                         | IP 54                |
| Viewfinder   | integrated           |

## Functions

• Integrated telescopic viewfinder
