

# DY207 Socket Polarity Tester RCD

- Socket Tester RCD

## Main Features

- Swift and efficient testing of RCDs by 30mA
- Definite indication of socket wiring
- PE fault detection
- Easy and safe, clear indication on LCD
- 4 versions available: Euro major(Schuko), UK, USA/Japan/Brazil, Australia/Argentina/China.
- Customized version is welcomed

## Specifications

Socket Polarity Tester RCD

MODEL	DY207
Testing Voltage	AC 230V±10% or AC 110V±10%
Frequency	50-60Hz
Contact Voltage Limit	< AC 50V (relative to ground)
Overload Voltage Protection	AC/DC 300V
Working Temperature	0°C~40°C

Working Humidity	80%
RCD test	30mA
PE Fault Detection	yes
Reaction Limit	< AC 50V (relative to ground)

### General Characteristics

Product Size	EU version	72 * 78 * 80mm
	UK,US,CN version	72 * 78 * 55mm
Product Net Weight	40g	
Standard individual packing	blister card	
Standard Quantity per Carton	66 pcs.	
Measurement of Standard Carton	EU version	645*360*276mm (0.064 CBM)
	UK,US,CN version	645*360*276mm (0.064 CBM)
Gross weight of Standard Carton	9.5kgs
