

HE17x Temperature USB Data Logger

* Features:

- LCD display shows high/low and last readings
- Data save even when battery is spent
- Selectable °C or °F
- USB interface
- 43,000 log readings
- Free configuration and graphing software
- Dimensions: 125mm * 28mm * 22mm

* Specifications

Model	HE170	HE171	HE172
Accuracy	±1.0°C (±1.8°F)	±0.5°C (±0.9°F)	±0.3°C (±0.6°F)
Memory	43,000 readings		
Measurement Range	-30 to +85°C		
Battery	1/2 AA, 3.6V Lithium Battery		
Typical battery life	1 year		
IP Rating	IP67		
Logging rate	2s ~ 24h		
LCD display area	18mm * 13.5mm		

Accessories	ToAnalyzer-USB CD,User Manual, Battery.
-------------	---

*** Applications**

Cold storage, vaccines and blood products, cold-chain transport of food, transport containers, outdoor and other special environments

*** Standard accessories**
