

**Features :**

4×90°measurement.

Widely used in angle measurement in auto industry, building industry and drilling machinery, etc.

Display always reads upright, no matter which way the level is turned.

Simple calibration requires no special fixtures.

Versatile measuring tool, angle finder, protractor and level three in one.

One 3V Cr2032 lithium battery.

**Specifications :**

Order No.:	451-101 (Stainless steel measuring faces.) 451-101H (Stainless steel measuring faces with small screw thread bottom outlets holes in the bottom panel.) 451-101M (Stainless steel measuring faces with magnetic disks in bottom panel.) 451-101W (Stainless steel measuring faces with large measuring face in bottom panel.) 451-101WM (Stainless steel measuring faces with large and magnetic disks in the bottom panel.) 451-101VM (Stainless steel measuring faces with V-type measuring face in bottom panel.) 451-101A (Aluminum-alloy measuring faces with up and down large measuring base. ) 451-101AM (Large Aluminum flame measuring faces with magnetic bottom panel.)
Measuring range:	4×90°(0~360°)
Work temperature:	+5°C~+40°C
Work humidity:	≤85%RH
Resolution:	0.1°
Accuracy:	0.2°
Power:	CR2032 3V lithium battery
