

A37 CO2 Meter

A37 is used to detect CO₂ concentration in different environments. The LCD displays CO₂ concentration being measured, temperature, humidity, and date/time together. Air quality is indicated with emoticons. When CO₂ concentration gets too high, audio and visual alarm will go off.

- Automatic baseline correction
- Audible and visual alarm
- Low battery indication
- Auto power off
- Backlight

Specifications	Range	Resolution
CO ₂ measurement	400ppm~5000ppm	1ppm
Temperature measurement	-10.0°C~50.0°C	0.1°C
